Wandsworth ARTISTS' Open House

2011

11am to 6pm

Saturday 1 - Sunday 2 October

Saturday 8 - Sunday 9 October

The best thing about Artists' Open House is the chance to meet artists in an informal setting. It allows you to understand and appreciate the art they make in new and surprising ways. It can be a real magical mystery tour and with the fantastic range of artworks on show in Wandsworth this year, you cannot fail to be engaged and delighted by the experience. From old air raid shelters, working studios, garden sheds and front rooms - we have more than 200 artists waiting to give you a warm reception and a great day out.

On page 20 you will find a map showing where the open houses are. We recommend that you take an A-Z or mobile map with you as well. Our map also shows places where other visual arts activities are taking place, including Big Draw events. Local area trails are also available from participating artists to help you plot your route.

Big Draw is an annual month-long festival of over 1,000 events across the UK. Every October, museums, galleries, heritage sites, libraries, schools and parks join in - inviting people of all ages to discover how drawing can connect them with their surroundings and the wider community. This year's theme is The Drawing Age. The Arts Team is very proud to present Big Draw activities happening across the borough on page 22.

To find out more about the artists taking part visit www.wandsworthart.com

Artists' Open House is organised by the Arts Team at Wandsworth Council in conjunction with an artists' steering committee.

Each Saturday in October

These emerging patterns will be decorated by passers by with pulses, seeds and spices bought locally in Tooting and inspired by buddhist sand paintings - transient works of art that are swept away after they are completed. The process will be captured through stop frame animation. An exhibition of the mandalas and the films will take place at the end of the project with the 'cocreators' invited to attend a private view.

I Am The Warrior Juneau Projects 22 October - 11 December 2011

Artists Ben Sadler and Phil Duckworth, who make up Juneau Projects, have conceived a plan for an open exhibition at Pump House Gallery devoted to the work of local residents. The exhibits will be generated following several intensive workshop sessions with the artists in late September and early October 2011. Any work that

results from creative activity can be submitted – this might include for example stitching, writing, model making, recorded sound, cake decorating, as well as more traditional art and craft works. The ensuing exhibition will be in a sense a celebration of the folk art of our communities. This exhibition is curated by Jeni Walwin.
